

App Presentation

Elevate Your Hotel Experience
with VOYAL – The Future of
Hospitality Awaits

Embark on a journey with VOYAL, a groundbreaking hotel app that combines cutting-edge technology and data-driven insights to transform your hotel's guest experience. Our all-in-one platform bridges the gap between your hotel and the modern, tech-savvy traveler.

By embracing VOYAL, you can offer an unparalleled personalized, seamless, and engaging experience that will keep your guests coming back for more.

Key Features

Digital Check-In / Check Out

Bid farewell to tedious queues and paperwork. Voyal empowers your guests to breeze through check-in and check-out with a few taps on their smartphones, setting the stage for an unforgettable stay.

Secure Document Uploads

Digital ID Upload – Effortless, Secure, and Swift

Our encrypted document upload feature allows guests to safely share their identification and verification documents, ensuring their privacy and peace of mind.

Bespoke Pre-Stay Experiences

Enchant your guests by crafting a stay tailored to their unique tastes and desires. Capture their preferences and special requests through the app before their arrival, paving the way for a memorable, personalized visit.

Savor In-Room Dining Bliss

Our visually stunning and user-friendly interface lets guests effortlessly explore and order from your hotel's in-room dining menu, providing a delectable, contactless culinary experience

Book Serenity & Savory Moments

Guests can indulge in luxurious spa treatments and reserve tables at your hotel's restaurants with ease, all through the convenience of the app.

Discover Hidden Gems Nearby

Guide your guests to local attractions, events, and must-visit spots by keeping them informed and providing directions and contact details through the app.

Speak the Language of Hospitality & Virtual Concierge at Your Service

Ensure clear communication with international guests by providing hotel location, address, and other essential information in multiple languages.

Our in-app chat feature allows guests to connect with the hotel's concierge service in real-time, providing instant assistance

Your Personal Stay Timeline

Guests can view their past, present, and future stays, simplifying the management and planning of their accommodations

Streamlined Access to Comprehensive Hotel Services

Guests can effortlessly request laundry, room cleaning, taxi booking and a wide array of other services, ensuring a comfortable and enjoyable stay tailored to their preferences.

Transparent Billing & Secure Payments

With our transparent, itemized billing and secure online payment options, guests can settle their accounts quickly and stress-free.

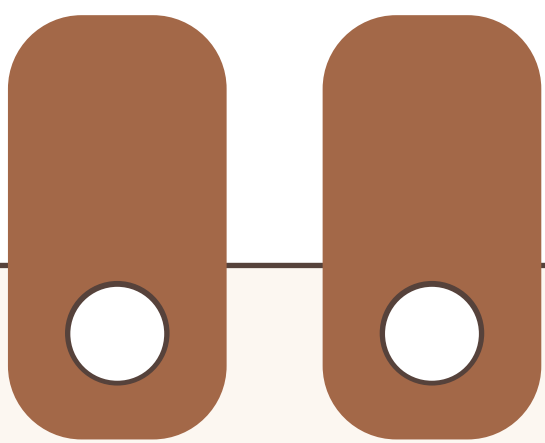

Unleash the Power of Innovation and Data Insights to Create Unforgettable Guest Experiences

Our robust backend panel provides your hotel with actionable data analysis, empowering you to better understand your guests' needs, preferences, and booking habits. This data-driven approach helps you fine-tune your offerings and elevate guest satisfaction.

Seamless API Integration with PMS Systems

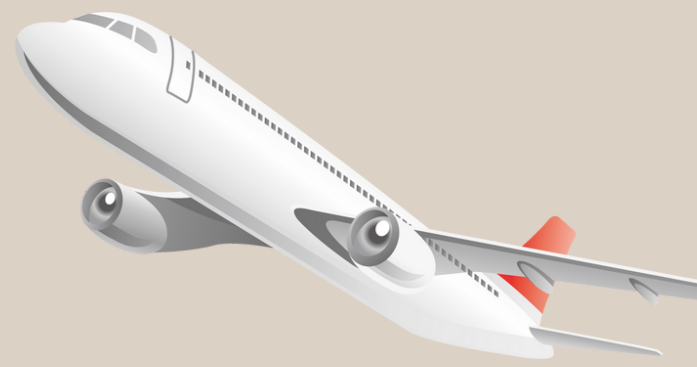

Ensure smooth data flow and real-time updates with complete API integration between our app and your hotel's existing property management system (PMS).

Customized Notifications & Offers

Engage and retain guests with personalized notifications, exclusive coupons, and discount vouchers, encouraging repeat business and fostering loyalty.
